

Family Social Organization Fun

On January 16th, friends of the Children's School joined together on the ice at Schenley Skating Rink in Schenley Park. Children worked hard skating laps around the rink with their families, but they made sure to take a break for good company and conversation over hot chocolate with their Children's School friends!

Great fun was had by families who attended the Children's School GymSport event on Saturday, January 21st. Families enjoyed demonstrations by staff and participating in a series of fun activities, including parent and child races, zip-lining, and a game called Popcorn!

We hope you'll join the fun in February!
