Table 1: Feature pairs for the 40 chimeras used in Experiment 1.

|    |                        |                     |
|----|------------------------|---------------------|
| 1  | has no legs            | can fly             |
| 2  | has a trunk            | lives in the sea    |
| 3  | has six legs           | lives in the sea    |
| 4  | has a mane             | can fly             |
| 5  | sucks blood            | has two legs        |
| 6  | is blue                | lives in the desert |
| 7  | has scales             | can fly             |
| 8  | has sharp teeth        | has wings           |
| 9  | has feathers           | has four legs       |
| 10 | makes a web            | lives in water      |
| 11 | crawls                 | has feathers        |
| 12 | has a hump             | makes a web         |
| 13 | is red                 | has a trunk         |
| 14 | sings                  | has gills           |
| 15 | has a trunk            | has wings           |
| 16 | has no legs            | has feathers        |
| 17 | has a beak             | has scales          |
| 18 | stings                 | has feathers        |
| 19 | has fur                | has a beak          |
| 20 | can be ridden          | has six legs        |
| 21 | has feelers            | has gills           |
| 22 | has a mane             | lives in the sea    |
| 23 | has six legs           | eats fish           |
| 24 | has two legs           | has scales          |
| 25 | lives under the ground | has two legs        |
| 26 | has fur                | has gills           |
| 27 | can be ridden          | lives in trees      |
| 28 | has fur                | sings               |
| 29 | is pink                | lives in the desert |
| 30 | has feelers            | has four legs       |
| 31 | has a hump             | lays eggs           |
| 32 | can be ridden          | is green            |
| 33 | has sharp teeth        | has a beak          |
| 34 | is red                 | has sharp teeth     |
| 35 | is heavy               | stings              |
| 36 | is pink                | has six legs        |
| 37 | makes a web            | has six legs        |
| 38 | has fur                | has feelers         |
| 39 | is red                 | is a predator       |
| 40 | sees in the dark       | is red              |
